Pink Class 2025

CLASSTIME

Pink Class is getting into the full swing of things! We have spent these first couple weeks getting to know one another, starting a daily routine and learning how to play & interact with our new surroundings.

Pink Class has been learning to pick up their toys, lining up to wash hands, how to use utensils at lunch time and how to find their nap mat and lay down for nap (which, by the way they are doing a FABULOUS job).

Lesson & Circle time

Pink Class looks forward to lesson and circle time. During circle time we sing songs, read books, learn our colors, shapes, numbers 1-5 & letters. We are on letter "C" and its sound. We are also learning sign language for "milk" & "all done". Pink Class is doing tremendously well and we are excited to watch and be apart of their continued progress.
