Pink Class 2025

CLASS TIME

We are so excited the Fall season is here! We have enjoyed playing & exploring outside in the beautiful weather. Pink Class also has done a great job learning a few signs including "all done" and "milk". A few of the kiddos have picked up on the signs for "more" and "eat" as well. Everyone is gaining patience and focus during lesson time. They are quickly finding their favorite lesson and "asking" for it. We have been learning the letters "A" - "E" and the sounds for each. A few of the kiddos have recognized the letter "A" and said its sound! We have also been learning our basic shapes, colors and numbers 1-5. They also enjoy learning nursery rhythms, songs and book reading. The kiddos have been adapting well to the daily class schedule and nap time has been outstanding! We can see their little minds growing and we enjoy seeing each unique personality blossom.

Ms. Angie & Ms. Micaela

LESSON & CIRCLE TIME

During this time the kiddos do lessons that foster and develop hand-eye coordination, strengthen fine motor skills and speech/language skills. This month we will add & work on sign language signing for "more" and "eat" as well as learning the letter "F"-"I" & their sound. We will also introduce a few fall themed lessons, activities, books & crafts. We will continue to learn using nice and gentle hands with our friends and learn how to line up for hand washing and going outside.

Reminders

- As the months turn cooler don't forget to send your kiddo with a jacket and appropriate clothing as best as possible in the unpredictable Arkansas weather.
- **October 1st:** Fall pictures for Children's House and siblings. The main building will be Thursday this will be a fall background.
- Lesson & circle time start at 8:00 am.
- Please send some extra clothes for the cooler weather. Don't forget to label all your kiddos belongings.
